

INVITATION

TO:

Green Keepers
Greens Directors
Interested Members of
Management
Committees

DATE:

Thursday
21st March 2024

Venue:

Terang Bowls Club
High Street,
Terang VIC 3264

TIME:

10.30am – 3.30pm

SYNTHETIC GREENS MAINTENANCE & EDUCATION SEMINAR

Installation of a synthetic green is possibly the biggest investment a Club can make, and it is important that Clubs look after them to avoid costly repairs or replacement.

Berry Bowling Systems are pleased to announce a synthetic greens care and maintenance seminar to be held:

Morning tea will be provided at 10.30am, with an 11am start for the seminar. The seminar will be split in two, with lunch provided. The seminar will conclude at 3pm, and a Q&A held from 3-3.30pm.

Berry Bowling Systems will bring with them a number of people to go through all aspects of care and maintenance of synthetic greens.

Berry Bowling Systems are also happy to discuss synthetic bowling green options for any Club considering upgrading or converting in the future.

RSVP: 15th March 2024
(by close of business)

Please email attendee details to:
